

REMARKS/ARGUMENTS

Claims 1-11 are pending in this application.

Claims 1 and 7 have been amended as indicated hereinabove.

Claims 1-11 had been rejected under 35 U.S.C. § 103(a) over Fogg (U.S. Patent 6,466,624 B1) in view of Nybo et al. (U.S. Patent Application Publication US 2001/0052933 A1).

Applicant notes with appreciation that Examiner has suggested (pending Office Action, page 8) an amendment which would distinguish pending Claims over the publications on record.

Claims 1 and 7 have been amended following Examiner's suggestions to make Claims 1-11, as amended, patentable over the publications on record, as stated by Examiner in the Office Action, page 8.

It is believed that the present application is in condition for allowance. A Notice of Allowance is respectfully solicited in this case. Should any questions arise, the Examiner is encouraged to contact the undersigned.

Respectfully submitted,

HOUSTON ELISEEVA LLP
